

# Important Update: Adjusted Running Times for Waterfalls, Aerators, and Fountains for CCV Lake.

Dear Lake Community Residents;

We hope this message finds you well and enjoying the serene beauty of our community. As part of our ongoing efforts to enhance sustainability and reduce electricity costs, we are making a small but impactful change to the operating hours of the waterfalls, aerators and fountains.

Currently, the waterfalls, aerators and fountains run 7:00am to 7:00 pm on all three lakes. In order to optimize energy consumption and minimize costs we are shifting the running times to the following:

WINTER MONTHS (November-May) 9 hours running time.

\*All equipment, all lakes: 7am-4pm

SUMMER MONTHS (June-October) 10-12 hours running time.

	Upper Lake	Middle/lower lake
*Aerators	4am—4pm	24 hours
*Fountains	4am—4pm	4am—4pm
*Waterfalls	4am—4pm	6am—4pm

This adjustment allows us to take advantage of off-peak electricity rates while still maintaining the aesthetic aspects of our beloved lake.

By making this change together, we can significantly reduce our community's energy expenses without compromising on the visual appeal and enjoyment that the water features bring. We appreciate your understanding and cooperation in this matter, as it will contribute not only to cost savings but also to a greener and more sustainable environment for our community.

Thank you for your continued support. If you have any questions or concerns please feel free to reach out to me or our lake management team.

Best regards,

Renee Lange

CCV Board Member and Lake Liaison
